

Intel Corporation
Docket No.: P13735

Specification Amendments

Please amend paragraphs [0032] and [0081] as follows:

[0032] The AC module 190 may be provided in any of a variety of machine readable mediums 180. The media interface 170 provides an interface to a machine readable medium 180 and AC module 190. The machine readable medium 180 may comprise any medium that can store, at least temporarily, information for reading by the machine interface 170. This may include ~~signal transmissions (via wire, optics, or air as the medium) and/or~~ physical storage media such as various types of disk and memory storage devices.

[0081] In any representation of the design, the data may be stored in any form of a computer readable medium. ~~An optical or electrical wave 860 modulated or otherwise generated to transmit such information, a~~ A memory 850, or a magnetic or optical storage 840 such as a disc may be the medium. The set of bits describing the design or the particular part of the design are an article that may be sold in and of itself or used by others for further design or fabrication.
